#### THURSDAY, JULY 26, 1917.

The dry Democrats extend the welcome hand to Gov. Stanley and Congressman Cantrill, who seem to have come over on the right side. They are both good fellows whom we have always admired in most every way except their position on the liquor question. This has always been obnoxious. Stanley says he favors a vote on State-wide and will work to see the measure pass the next session of the Legislature. Cantrill says that once prohibition is put into power as a war precaution it will never be dropped after the war. These are two converts to be proud of, and The Times expects them in the future to fight as valiantly for the right as they have been fighting for the wrong in the past. Anyway, they are good fighters and we welcome them on our side.

Our Stanton correspondent speaks of the new road from Stanton to the Furnace in the most favorable terms. This road has been built by private subscription, like the Hardwick's Creek road, except that the Stanton road is built mostly by the oil people while the Hardwick's Creek road is built by the people.

We expect to see considerable roads built in the old county this in the Furnace oil field. fall, now that no obstacles are in the way of our Fiscal Court selling the road bonds and finishing up the work begun between Clay City and Lulbegrud, and the road above Stanton to Bowen. good work progressing.

If we had a good way of sending some of the misfits in Cong. ress to the front in France and fill their places at the capital with some of the excellet material that has been drafted as privates in the ranks, we are sure affairs would go better at Washington.

No doubt the Chicago Tribune will soon forget all about East St. Louis, Illinois riots in which 200 negroes were killed, and go right Hardwick's Creek farmer, paid ahead lecturin the South which us a pleasant visit while in town never kills near so many at a to-day. ## **SCORES ATTEST** TANLAC MERIT

Kontuckians Place Stamp of Approval on Tanlac.

#### HAS ENVIABLE REPUTATION

When a medicine is vouched for by bundreds in a state like Kentucky there can be no doubt as to its merits. Kentuckians are not easily ied to make public statements about anything. They are inclined to test a remedy thorough-

ly before placing their O. K. on it.

Therefore Taniac's originators are proud to point to the hundreds of testimonlais given voluntarily by people of the Blue Grass State. Here are a few

of the statements: EDWARDS - Mrs. Belle Phillips: "I suffered from nervousness and loss of appetite. Needed something to build me up. Tantac brought back my appetite and gave me rest at night."

OLATON - Mrs. Belle Dantel: "Was troubled with my stomach for several years and was all run down. I bave used three bottles of Taniac and am naw feeling much better. My appetite has come back and I have

already gained 15 pounds."
CLEATON-Mrs. Sue Bobbltt: "I suffered from rheumitic pains, sick stomach, beaduches and nervousness, but since taking Tanlac my health in general has improved. I think it is a fine medicine."

CARLISLE-Mrs. Mille D. Laughlin: 341 "I was week, nervous and restless before I started taking Tuniac, but now I have my strength back and am 360

able to do my own housework agoin."
MALT-Mrs. Mary L. Howell: "Hendaches, backaches and pervousness, caused by disordered stomach and kidneys, undermined me until I was 112 completely run down. Taniac, how-128 ever, has me on the road back to health and I expect to be all right in a short time."
PENICK-W. G. Mays: "Food soured

on my stomach and I suffered from 327 heartburn. I was weak and didn't seem to have any ambition. Tanlac has toned up my stomach and.

strengthened me all around."

Taplac has built up thousands of copie in this state. If you are run 154 people in this state. If you are run down in benith get it today, as it will do the same for you.
